

COUNCIL PROCEEDINGS.

The Actions of the City Dads in Session Thursday Night.

The council met Thursday in regular session, with Mayor Lefker in the chair and Aldermen Atkinson, Catron, Endres and Stephens in attendance.

In the absence of the clerk N. A. Wade was appointed clerk *pro tem*.

The reports of standing committees were heard as follows:

On finance, by Stephens; partial report prepared; hearing of full report postponed until next meeting. Account of J. P. Edwards for \$232.50 found correct and allowed; accounts of Roberts & Vandyke for \$19.80, Street Commissioner Trimble for \$18.25 and Cass Card for \$1.25 same.

On public buildings, by Stephens; reports it advisable to sell 14 feet on south of calaboose lot to J. P. Edwards for \$100; action postponed till next meeting.

Reports of officers: Marshal Morgan filed report for April; same received. Fines assessed and collected \$19.90.

Street Commissioner Trimble filed report; same received. Also made application for bridge on West Dakota street; referred to committee on bridges.

Application of G. W. Miers for saloon license referred to committee on licenses. Geo. H. Todd, same.

Petition of Geo. H. Todd, G. W. Miers, N. Davis, Paul Dickerson and others for reduction of city dram-shop license, referred to committee on licenses.

Vacation of part of Lyons street, referred to committee on streets and alleys.

Application of F. Sackett for street lamp at the corner of his store on North Main street, on provision that he would furnish oil and light it when needed, granted.

Application of C. Cummins for privilege of erecting a candy stand at the northeast corner of Main and Ohio streets, referred to committee on licenses.

Ordinance proposed by the Mayor, providing for issuing of city bonds to the amount of \$2,000, (in two bonds of \$500, and ten bonds of \$100 each) bearing 10 per cent. interest; also for levying a special tax of 2-10 of 1 per cent. to meet these bonds and interest unanimously adopted.

Motion of Alderman Stephens, providing that the Street Commissioner be required to work not less than four hands at all times referred to committee on streets and alleys.

Consideration of fire limit and poll-tax carried over to next meeting.

Adjourned to meet on Thursday, May 4.

Mr. John Rooks and Miss Jane Ross were married, at the residence of the bride's father, W. W. Ross, in this city, on Thursday, April 27, Rev. S. M. Brown officiating. May joy go with them.

Butler is rapidly expanding. We now have a West Butler, and with a large grist mill, a woolen factory and twenty-four residences north of the corporation we would not be much surprised to see them form a corporation of their own up there.

The trial of Wm. Stagner, the man from Walnut township charged with wife-beating, came off Thursday in Squire Cannon's court. Stagner was acquitted, the evidence being such as to convince the jury that he was an abused man.

Mayor Lefker informs us that \$151 has been raised in Butler for the Brownsville sufferers, \$50 of which was donated by the Odd Fellows. He will forward the money Thursday morning.

An Interesting Fact.

In France, all patent medicine must be endorsed by an official board of physicians before they can be sold. In lieu of such a law in America, the people have resolved themselves into a National committee which has endorsed Swaine's Ointment for allaying the itching accompanying the Piles, as the only reliable remedy in the market. Its a poor rule that won't work both ways. April 1-11 and 12

West Butler Items.

Mr. F. A. Cox, of Vinton, is erecting a dwelling house just west of the elevator. We understand it is Mr. Cox's intention to build several houses this spring in that part of the village.

West Butler now consists of one hotel, one grocery store, one restaurant, a grain elevator with warehouses, a planing mill, a school house, a shoe shop and thirty-four residences. Its population is about 150.

Mr. Wm. Schofield is putting up an addition to his house.

The planing mill is now in full blast. It is quite an important enterprise for Butler's infant offspring.

H. T. Wyatt is having asphaltum walks laid in his residence yard.

Mr. Moses Jones advertises his stock of groceries for sale and building for rent.

Mr. L. G. Darah is having two frame residences erected on F. Scott street, opposite Mr. Hartwell's. They are "T"-shaped and will be nice buildings.

Personal.

—Rev. Jno. D. Wood is in Carthage attending the District Conference.

—Rev. Henderson and Father Renick made a pleasant call at the Times office this morning.

Uncle Jno. Peck died last week in Homer township. He was one of the oldest men in the county, being about ninety-five years of age.

Rev. J. Wesley Johnson has accepted pastoral charge of a Congregational church in Kansas City. He was formerly a methodist and at one time pastor of our Ohio street M. E. church, but he will now make a permanent connection with the Congregational church.

Improvement Notes.

Dr. Pyle has had asphaltum walks laid in his residence property.

Marshal Morgan purchased the old frame building that stood between Ratter's and Brough's stores on the south side and is having it removed to his property to use as an out-building.

The building on the south side now occupied by Mr. Brough will be moved east four feet, the building in which Hugo Sigmund makes his headquarters taken out and a fine two-story brick double store room, with plate glass front, erected on the space vacated, by Mr. J. T. Thompson.

The house which Sam'l Levy is building just north of Dr. Betz' is nearly completed. It contains four rooms and will be a good renting property.

Dr. Betz' addition to his house on West Dakota street, is moving right along. Dr. will have a fine house when it is completed.

The new opera house, Dr. Osborne's stone building, Cassidy Bros. and Fred Evans' new brick block, the Pace, Duncan and Edwards block and numerous smaller improvements are being pushed right along now.

Catterlin & Legg's new carriage factory and Lansdown, Riley & Mills' every stable are completed on the outside.

Mr. Thomas Egger, of Lamar, Mo., and Miss Mary B. Fry, of this county, were married at the Palace hotel, in this city, Thursday, April 27, by Rev. W. M. Newton.

PILES! PILES! PILES!

A sure cure found at last! No one need suffer! A sure cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electrocautery do more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) as a poultice, gives instant and painless relief and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Coffinberry of Cleveland says about Dr. William's Indian Pile Ointment: I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment.

The dislocated leg of a man at Lafayette, Ind., was treated by a woman physician thought it had been fractured. He demands \$10,000 damages, the mistake having crippled him for life.

The "blood poisoning" which recently resulted in Prof. Green's death at Oxford, in England, has been traced to a supply of unwholesome milk, which was given by a cow farmed by a ladies' college.

A negro woman tore down her enemy's house at Hot Springs, Ark. The building was substantial though very small, but with her powerful arms and an ax she wrecked it, nobody daring to interfere.

The Sheriff of Mobile, Ala., was unable to find John Percy Moore, an escapee convict; but a stroke of lightning reached him, as he lay hiding in a shanty, and injured him so badly that he was glad to be taken back to the prison hospital.

Capt. Stokes, a Tennessee fisherman, became so engrossed in his sport that he did not fight off the pests called the buffalo gnats, and their bites were so numerous and poisonous that he died from the effects.

The sister of a wealthy St. Louis merchant was dying in a poorhouse. She sent a message begging him to overlook their estrangement, after she was dead, and give her remains a respectable burial. He refused, and she was interred in the Potter's field.

When Senator Brown was Governor of Georgia he found among some mouldy papers in the basement of the State House vouchers for a \$22,000 claim against the general government for defending the frontiers against Indians from 1795 to 1818, and Congress is likely to direct payment.

A young woman of Nevada City, Cal., amuses the town while amusing themselves. Twenty four of them formed a company, in mockery of the young men's military organization, and paraded in a uniform of red calico, with brooms for guns. Their last parade was to escort a bride to the railroad station.

A grocer in Jersey county, Ill., was annoyed by loungers, who filled their pipes from a box of loose tobacco without paying, and he mixed some gunpowder with the weed. The next free smoker lost an eye by the explosion. He got a verdict of \$1,000 damages, and on appeal the judgment was sustained.

A silver dollar with a bit of concave mirror set into one side is by gamblers called a shiner. By laying it among his pile of coin and dealing over it, the operator can know what every player holds for that deal, the cards being reflected in miniature. A member of the Mining Club of Leadville has been caught using a shiner. By means of it he won \$2,500 in a night at poker.

DR. HARTER'S

A combination of Ferrous Sulfate, Iron, Potassium and Phosphorus in a palatable form. The only preparation of iron that will not blacken the teeth, so characteristic of other iron preparations.

GENTLEMEN: I have used Dr. HARTER'S IRON TONIC in my practice, and in an experience of twenty-five years in medicine, have never found anything to give the results that Dr. HARTER'S IRON TONIC does. In many cases of Nervous Prostration, Female Debility, Hypertrophy, and an impoverished condition of the blood, this peerless remedy, has in my hands, made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any iron preparation made. In fact, such a compound as Dr. HARTER'S IRON TONIC is a necessity in my practice. DR. ROBERT SAMUELS, St. Louis, Mo., Nov. 25th, 1891. 3104 Wash Avenue.

It gives color to the blood, natural healthy tone to the digestive organs and nervous system, making it applicable to General Debility, Loss of Appetite, Frustration of Vital Forces and Impotence.
